

# Crown Release Agent Products

Technical Data Sheet | SKU: CROWN-REL

## PRODUCT DESCRIPTION

Crown release agents are used for clean release, part quality and process continuity on mold surfaces.

## PRODUCT INFORMATION

SKU: CROWN-REL

Brand: Crown Technology

Category: Technical Supplies

Origin: Imported

Product Type: Release Agent

Use: Molding and release

Application Area: Maintenance and Service, General Production Lines

Sectors: Automotive and Sub-Industry, Chemical, Other Industrial Production Areas

## APPLICATION AREAS

- Molding and release
- Maintenance and Service
- General Production Lines
- Maintenance and technical service applications
- Production support operations
- Process and surface preparation needs

## KEY FEATURES

- Clean release
- Part quality
- Process continuity
- Supports operational continuity and process control

## PERFORMANCE LEVEL / STANDARDS

- GHS / SDS
- REACH
- CLP

## TECHNICAL VALUES

The technical values below must be verified against the current official brand technical data sheet.

Property | Test Method | Unit | Typical Value

Appearance | Brand TDS | - | To be taken from official TDS

Density @20C | ASTM D4052 | g/cm<sup>3</sup> | To be taken from official TDS

pH / Active Matter | Brand TDS | - | To be taken from official TDS

Application Temperature | Brand TDS | C | To be taken from official TDS

Dilution / Use Ratio | Brand TDS | % | To be taken from official TDS

## APPLICATION NOTE

Apply the product according to the relevant plant procedure after checking process conditions, material compatibility, occupational safety instructions and manufacturer documents.

## STORAGE

Keep the package closed; store in a dry and ventilated area away from direct sunlight, freezing, excessive heat and ignition sources. Protect the product from water, dust and foreign matter contamination.

### **SAFETY**

Refer to the current Safety Data Sheet for safe use, handling, storage and disposal. Apply personal protective equipment and plant occupational safety instructions.
