

Saint-Gobain Abrasive Solutions

Technical Data Sheet | SKU: SGA-ABR

PRODUCT DESCRIPTION

Saint-Gobain abrasive solutions are positioned for material removal, surface preparation and precision processing in industrial manufacturing and maintenance.

PRODUCT INFORMATION

SKU: SGA-ABR

Brand: Saint-Gobain Abrasives

Category: Technical Supplies

Origin: Imported

Product Type: Abrasive Solution

Use: Cutting, grinding and finishing

Application Area: Metalworking Process, Maintenance and Service, General Production Lines

Sectors: Iron and Steel, Automotive and Sub-Industry, Other Industrial Production Areas

APPLICATION AREAS

- Cutting, grinding and finishing
- Metalworking Process
- Maintenance and Service
- General Production Lines
- Maintenance and technical service applications
- Production support operations
- Process and surface preparation needs

KEY FEATURES

- Material removal
- Surface preparation
- Precision processing
- Supports operational continuity and process control

PERFORMANCE LEVEL / STANDARDS

- EN 12413
- EN 13236
- ISO 603

TECHNICAL VALUES

The technical values below must be verified against the current official brand technical data sheet.

Property | Test Method | Unit | Typical Value

Appearance | Brand TDS | - | To be taken from official TDS

Density @20C | ASTM D4052 | g/cm³ | To be taken from official TDS

pH / Active Matter | Brand TDS | - | To be taken from official TDS

Application Temperature | Brand TDS | C | To be taken from official TDS

Dilution / Use Ratio | Brand TDS | % | To be taken from official TDS

APPLICATION NOTE

Apply the product according to the relevant plant procedure after checking process conditions, material compatibility, occupational safety instructions and manufacturer documents.

STORAGE

Keep the package closed; store in a dry and ventilated area away from direct sunlight, freezing, excessive heat and ignition sources. Protect the product from water, dust and foreign matter contamination.

SAFETY

Refer to the current Safety Data Sheet for safe use, handling, storage and disposal. Apply personal protective equipment and plant occupational safety instructions.
